From The Senior Surgeon with the Government

To The Secretary to the Government of
H.H. the Maharaja of Mysore, Local and
Legislative Departments, Bangalore.

Sir,

In forwarding herewith a copy of letter No. G.A.D. 288, dated 9th December 1924, from the Comptroller, Mysore Government, intimating that Assistant Surgeon Mr. G. N. Seshadri will be continued to be shown as "temporary" in his present position, till orders of Government are obtained confirming him, I have the honour to state as follows:

Flag O (last) In Notification No. L. 4940-Med.4-22-12, dated 9th January 1923, Mr. Seshadri was first promoted as officiating Assistant Surgeon, 2nd Grade, in an acting vacancy, (item No; 1) and again he was promoted substantively to that grade in a vacancy of one of the "temporary" charges of Assistant Surgeons of the Department (item No. 49 of the same Notification).

Page (1)

Page (2)

In the next series of promotions sanctioned in Notification No. L. 7319-Med. 4-22-27, dated 8th May 1923, when there was occasion to fill up two substantive vacancies among the permanent charges, Mr. Seshadri's juniors, viz., the late Mr. P. A. Srinivasa Rao and Mr. A. M. Ponnambalam were given these two permanent places (vide, items 11 and 28 of the Notification). But there was no intention whatever of superseding Mr. Seshadri at any time.

Flag P

The mistake arose, very likely, in this way. In this office letter No. G.C. 349-4, dated 7/10th July 1922, proposals were submitted for filling up the different vacancies which existed at

Flag A

at the time and as per statement forwarded therewith, Mr. Seshadri was to get promotion to one of the permanent places. But the statement appears to have been subjected to verification, revision, etc., and in the list which was finally issued with the Notification of 9th January 1923, Mr.Seshadri got promotion to one of the "temporary" posts. But in the Civil List corrected up to January 1923, which was actually issued after the issue of said Notification, Mr. Seshadri was shown among Assistant Surgeons coming within the 18 permanent charges.

Accordingly, in the next promotion list submitted to Government with this office letter No. 254-1, dated 24th February 1923, the recommendations were based on the lastest Civil List, and as Mr. Seshadri already appeared among the permanent officers, his next juniors were recommended for promotion to the permanent vacancies and this came to be sanctioned by Government. Thus the priority of Mr. Seshadri's claims for promotion to one of the "permanent" places of Assistant Surgeons was overlooked purely by a mistake which had crept in the Civil List and for no other cause.

The mistake having now been found out Mr. Seshadri has been shown as "temporary" in the latest Civil List (corrected up to 1st ~~1st~~ January 1925) and I am now requested to obtain formal orders of Government, confirming the officer.. In my opinion, however, it is not a case where Mr. Seshadri has to be "confirmed" as required by the Comptroller. In the Notification dated 9th January 1923, this officer who was acting Assistant Surgeon from 23rd Setpember 1920 till 8th June 1921 was virtually confirmed when he was (in item 49 of the same Notification) promoted to a substantive vacancy, but against one of the posts provided for charges which are considered to be of a "temporary" nature.

B u t

16

But even this is a hardship on the officer, in as much as, if the particular charge should cease, it is he who will have no place, while his juniors who have been confirmed against places meant for permanent charges will be secure. It is therefore necessary to have Mr. Seshadri considered as confirmed, or (to be more accurate) absorbed in a permanent charge without at the same time, interfering with any of the promotions already sanctioned and given effect to.

In my letter No. [redacted] dated 11th March 25. I have already shown, how [redacted] Assistant Surgeons' charges, viz. that of Sivasamudram, happened to be altogether left out in calculating the number as 34 permanent and one temporary for Krishnarajasagar. The Sivasamudram charge was in existence long before the Krishnarajasagara appointment was sanctioned, and but for the inadvertent omission, would have been counted among the permanent charges which would have been fixed at 35. If this view be kindly accepted by Government, it will be sufficient if formal orders are issued to the effect that Mr. Seshadri's appointment as Assistant Surgeon be considered as permanent from 9th June 1921, against the above sanctioned charge, which had been omitted from the list of permanent charges detailed in the Government Order of 13th July 1918.

The above proposal will satisfactorily dispose of the point raised by the Comptroller, without affecting any of the promotions already sanctioned by Government. I may add that Mr. Seshadri has been given the increments due to him and has also not been disturbed from his relative position in the Civil List.

I have the honour to be,

S i r,

Your most obedient servant,

Senior Surgeon.
